As the Geography of this Map differs greatly from all others hitherto published, it's necessary to Observe that the Authorities for these Alterations are Mr. Adair's, Mr. Maxt. Murray of Stanhope Capt. Bruce Hill, Mr. Edgar, Mr. Argyle &c. Murdoch Mackenzie &c. So that it must be as Correct as possible till a New Survey of the Whole is made.

The Projection is Mercator's or Wright's and due Regard is had to the Oblate Spheroidical Figure of the Earth without which all Maps, however fair in other particulars are faulty. This being the first attempt that I know of to correct an Error of projection which affects above 2/3 of the Globes Surface.

NB. The Shires of Clackmannan Kinross, Nairne & Cromarty being too Small to have their names Inserted in Capitals are Mark'd A.B.C.D. the Shire of Bute comprehends only the Islands of Bute and Arran. Mull, Ila, Jura, Tyree make part of Argyle Shire Skye & Lewis of Ross Shire.
