

REMARK

Between the lines AA the Current always sets to the East, but between the lines A and B, & A and C, also between the lines B and C, & their respective Shores on either side, the Current is influenced by the Moon, and runs on Full and Change days as there indicated by the Roman figures & Arrows; it then Changes and runs Eastward.

THE STRAIT OF GIBRALTAR,

SURVEYED BY
Brigadier Don Vincent Tosiño &c. &c.

Published by W. Paden, Geographer to His Majesty,
and to His Royal Highness, the Prince Regent,
London, June 4th 1817.
