

EDAD ANTIGUA. - MUEBLES Y UTENSILIOS DOMÉSTICOS DE LOS BABILONIOS Y ASIRIOS

- 1 á 9. - Vasijas de barro. Los asirios y babilonios tenían la costumbre de hacer pasar á su país desde las comarcas conquistadas los obreros mas hábiles, y esta es la causa de que los utensilios asirios no se distinguieran en su forma ni en su material de los productos del Asia anterior. Casi todas las vasijas de barro, que se han encontrado en escasísimo número, son redondas y ventrudas, con ó sin asas.
- 10 á 16. - Vasijas de vidrio.
- 17 á 20. - Vasijas de barro tallado.
- 21 y 28. - Cubos para agua bendita: estaban provistos de un asa movable y de adornos simbólicos, ó bien labrados á modo de cestos.
- 22. - Cubo para el servicio doméstico.
- 23 á 25. - Altares. Los habia en forma de trípode con la tabla cóncava; otros consistian en una piedra trilateral cuyos ángulos aplanados remataban en garras de animales.
- 26, 27, 29 á 37. - Muebles asirios. Todos ellos estaban hechos en ángulo recto. Los piés de los muebles de lujo, sobre todo de los tronos, acababan casi siempre en garras de animales ó en piñas de metal; en los travesaños habia figuras ú otros adornos metálicos (figs. 26, 27 y 30), y los brazos y respaldos estaban provistos de tapices y cojines de color. A cada trono correspondia un taburete (figs. 29, 33 y 35).

1. - The first part of the report is devoted to a description of the conditions of the country and the people. It is a very interesting and valuable contribution to the knowledge of the country and its people. The report is well written and is a very good example of the work of the Association.

2. - The second part of the report is devoted to a description of the work of the Association. It is a very interesting and valuable contribution to the knowledge of the work of the Association. The report is well written and is a very good example of the work of the Association.

3. - The third part of the report is devoted to a description of the work of the Association. It is a very interesting and valuable contribution to the knowledge of the work of the Association. The report is well written and is a very good example of the work of the Association.

4. - The fourth part of the report is devoted to a description of the work of the Association. It is a very interesting and valuable contribution to the knowledge of the work of the Association. The report is well written and is a very good example of the work of the Association.

5. - The fifth part of the report is devoted to a description of the work of the Association. It is a very interesting and valuable contribution to the knowledge of the work of the Association. The report is well written and is a very good example of the work of the Association.
